

Diablo Canyon Decommissioning Engagement Panel Meeting

Date/Time:	11-14-18 / 6:00 PM – 9:30 PM	Facilitator:	Chuck Anders
Meeting Location:	1055 Monterey Street, SLO; County Government Offices	Recorder:	TBD
Webcast:	SLO-SPAN Channel 21		
TV Broadcast:	Channel 21 (Charter)		

Purpose:	<p>Present the Panel’s preliminary recommendations on the Decommissioning Processes, Decommissioning Funding, Future Use of Lands and Facility Repurposing. The Panel will also discuss the report preparation schedule and the opportunity for public comment on their recommendations. Additionally, the Panel will present and discuss their proposed 2019 meeting and topic schedule and will receive public comment and provide direct input to PG&E on behalf of the local community.</p>
Desired Outcomes:	<p><i>By the end of today’s meeting, the panel will:</i></p> <ul style="list-style-type: none"> • <i>Review Preliminary Recommendations on the Decommissioning Process, Decommissioning Funding, Future Use of Lands and Facility Repurposing;</i> • <i>Review the Panel’s report preparation schedule and opportunities for public input;</i> • <i>Review the 2019 Panel meeting schedule and associated decommissioning topics;</i> • <i>Review public outreach metrics;</i> • <i>Receive and discuss public comment;</i> • <i>Prepare for spend fuel storage topic at next Panel meeting and;</i> • <i>Record actions and evaluate the meeting.</i>

AGENDA

Item #	What – Content	Action Path	Who	Target Start Time
1.	Open house poster session with Q&A (25 min)	<ul style="list-style-type: none"> ▪ Inform ▪ Discuss ▪ Record comments 	All	6:00 PM (25)
2.	Break		All	6:25 PM (5)
3.	Panel Meeting Start		All	6:30 PM
4.	Safety Minute (911, AED, CPR)	<ul style="list-style-type: none"> ▪ Consensus 	PG&E	6:30 PM (2)
5.	PG&E welcome and project update.	<ul style="list-style-type: none"> ▪ Present 	Franke	6:32 PM (8)
6.	Review meeting agenda, introduce meeting topic, and review desired outcomes (Public comment window closes at 8:10 PM)	<ul style="list-style-type: none"> ▪ Present 	Anders	6:40 PM (5)
7.	Overview of Panel report structure and preparation schedule	<ul style="list-style-type: none"> ▪ Present 	Seeley	6:45 PM (5)
8.	Preliminary Decommissioning Process Recommendations	<ul style="list-style-type: none"> ▪ Present ▪ Discussion 	Mecham	6:50 PM (10) 7:00 PM (10)
9.	Preliminary Decommissioning Funding Recommendations	<ul style="list-style-type: none"> ▪ Present ▪ Discussion 	Baldwin	7:10 PM (10) 7:20 PM (10)
10.	Preliminary Land Use Recommendations	<ul style="list-style-type: none"> ▪ Present ▪ Discussion 	Bellman	7:30 PM (10) 7:40 PM (10)
11.	Preliminary Facility Repurposing Recommendations	<ul style="list-style-type: none"> ▪ Present ▪ Discussion 	Brown	7:50 PM (10) 8:00 PM (10)
12.	Break			8:10 PM (10)
13.	Review public comments and metrics	<ul style="list-style-type: none"> ▪ Present 	Anders	8:20 PM (5)
14.	Public comment	<ul style="list-style-type: none"> ▪ Discuss ▪ Record 	All	8:25 PM (40)
15.	Panel observations and discussion	<ul style="list-style-type: none"> ▪ Discuss ▪ Record 	Panel	9:05 PM (15)

16.	Introduction to next meeting topic: Spent Fuel	<ul style="list-style-type: none"> ▪ Present 	Jones	9:20 PM (5)
17.	Meeting Summary and (+/Δ)	<ul style="list-style-type: none"> ▪ Discuss ▪ Record 	Anders	9:25 PM (5)
18.	Adjourn Meeting*	<ul style="list-style-type: none"> ▪ Action 	Anders	9:30 PM
	*PG&E staff will remain on-premises after the meeting to answer additional questions

Agenda Overview

Wednesday, November 14

Overview of Panel report structure and preparation schedule	<i>Seeley (Panel Member)</i>
Preliminary decommissioning process recommendations	<i>Mecham (Panel Member)</i>
Preliminary decommissioning funding recommendations	<i>Baldwin (Panel Member)</i>
Preliminary land use recommendations	<i>Bellman (Panel Member)</i>
Preliminary facility repurposing recommendations	<i>Brown (Panel Member)</i>
10 minute break (8:10 p.m.)	<i>All</i>
Review public comments and metrics	<i>Anders (Facilitator)</i>
Public comment	<i>All</i>
Panel observations and discussion	<i>Panel</i>
Introduction to next meeting topics: Spent Fuel Storage	<i>Jones (PG&E)</i>
Meeting summary	<i>Anders (Facilitator)</i>
Adjourn meeting	<i>Anders (Facilitator)</i>

Overview

Diablo Canyon Decommissioning Engagement
Panel

2018 Activities

Diablo Canyon
Decommissioning
Engagement Panel

Panel Member Selection

- February – PG&E requests interested persons to apply for Panel
- April – Formation Committee reviews applications and makes recommendations to PG&E
- May 1 – PG&E announces Panel members
- May 11 – Orientation Tour of Facilities and Lands

2018 Activities

Diablo Canyon
Decommissioning
Engagement Panel

Panel Meetings and Activities

- May 30 – First Public Panel Meeting
 - Present Adopted Charter
 - Schedule Decommissioning Topics to discuss in 2018
- June 26 – Decommissioning Process
- July 25 – Decommissioning Funding
- August 17 & 18 – Lands Workshops
- August 29 – Lands
- September 14 & 15 – Facility Repurposing Workshops
- September 26 – Repurposing Facilities
- October 24 – Emergency Planning
- November 14 – Panel Recommendations
- December – Submit Recommendations to PG&E and CPUC

2019 Activities

Diablo Canyon
Decommissioning
Engagement Panel

Panel Meetings

- February – Workshops on Spent Fuel Storage
- March 13 – Spent Fuel Storage
- June 12 – Economic Impacts of Decommissioning
- September 18 – TBD
- November 13 – TBD

2018 Panel Recommendations

Vision, Goals and Activities

- Vision - A short, simple overview of the desired outcome.
- Goal - A more detailed description of the desired outcome or outcomes for a decommissioning topic, asset or group of assets.
- Activities - A list of specific measurable activities to achieve the desired goal

2018 Panel Recommendations

Background Documents and Materials

- **Maps/Graphics**

- Simplified Decommissioning Timeline
- Decommissioning Trust Fund graphic
- Fee and Leasehold Interests at DCPD
- Parcel P with existing Facilities
- Site Overview – Diablo Canyon Properties
- County Land Use Category Map including Coastal Zone
- General Area Parcel Ownership and Transmission Lines
- Map of potential coastal trail and interior trail alignment (ALC map)

- **Other Information**

- Language of DREAM initiative results of voting
- All public comments made to the DCDEP
- Information about entities that made workshop presentations
- Information about entities that made public meeting presentations
- Summaries of public meetings
- Summaries of public workshops

2018 Panel Recommendations

Public Comment

- November 14 - Present vision statements
- November 19 - Post preliminary Vision, Goals and Activities document and comment form on Panel website
- November 30 - Deadline for public to submit comments
- December 12 - Panel adopt final report

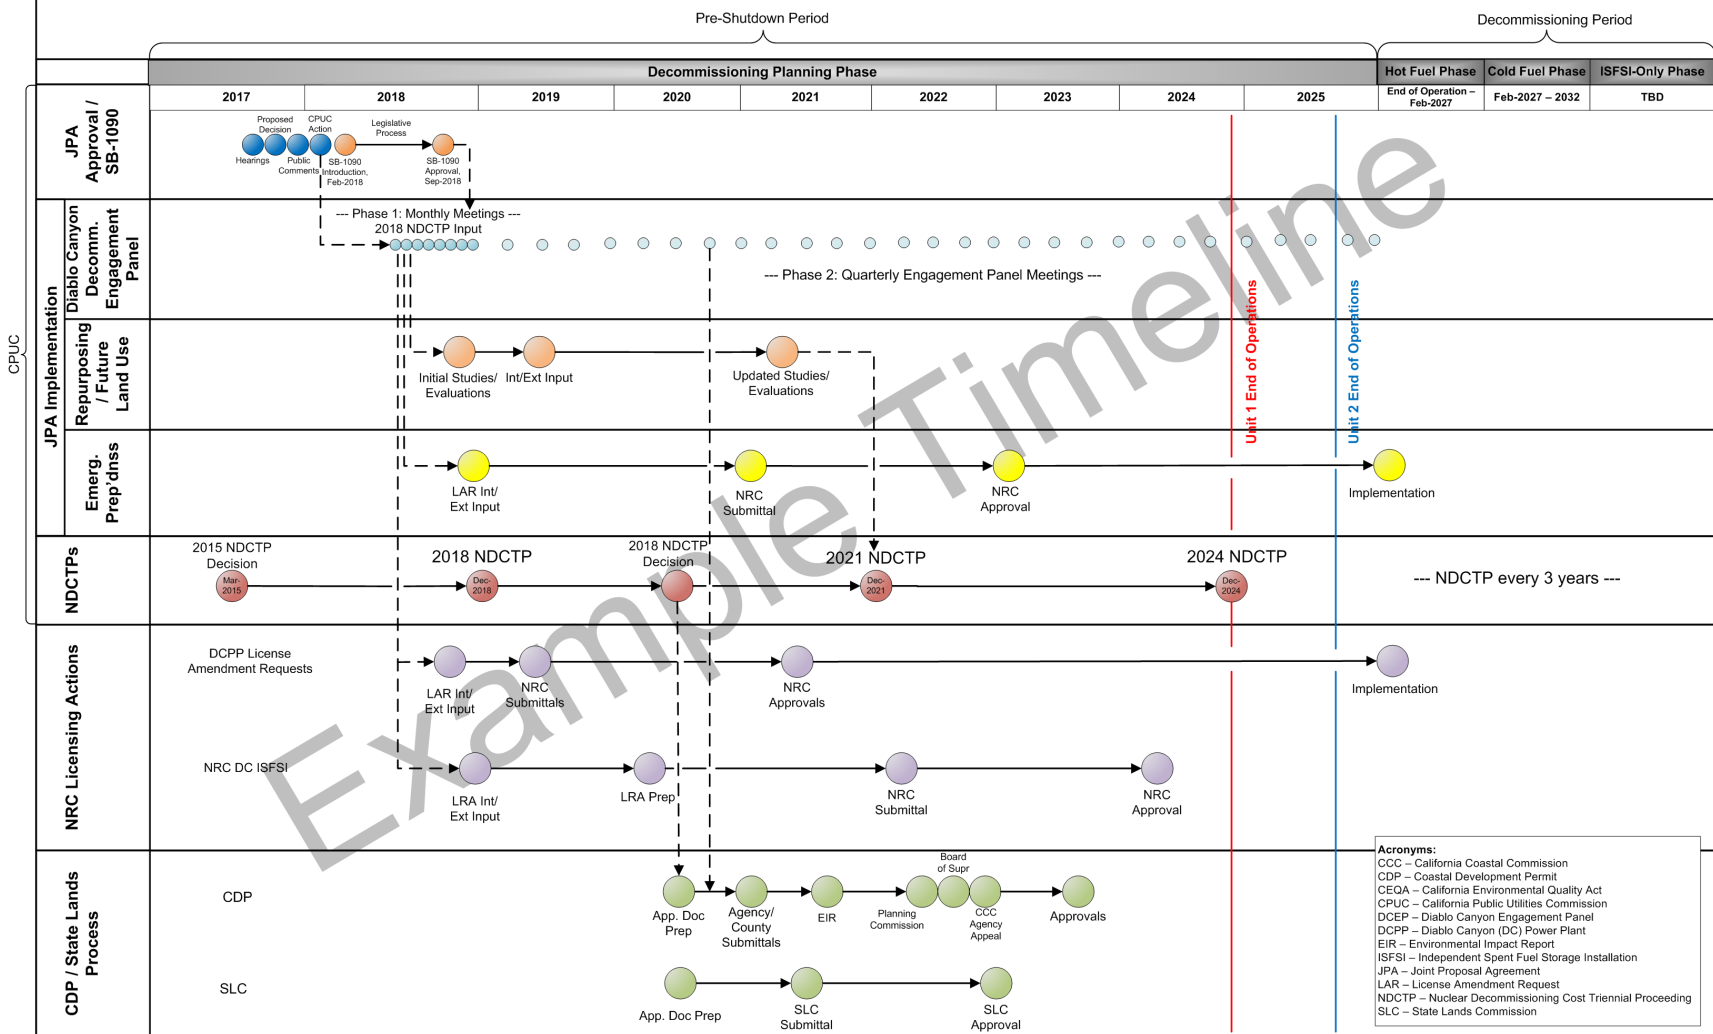

Discussion

Decommissioning Process

Frank Mecham

Diablo Canyon Decommissioning Engagement
Panel

Diablo Canyon Decommissioning Planning Path – Draft for Illustrative Purposes Only, 10/15/2018

- Acronyms:**
- CCC – California Coastal Commission
 - CDP – Coastal Development Permit
 - CEQA – California Environmental Quality Act
 - CPUC – California Public Utilities Commission
 - DCEP – Diablo Canyon Engagement Panel
 - DCCPP – Diablo Canyon (DC) Power Plant
 - EIR – Environmental Impact Report
 - ISFSI – Independent Spent Fuel Storage Installation
 - JPA – Joint Proposal Agreement
 - LAR – License Amendment Request
 - NDCTP – Nuclear Decommissioning Cost Triennial Proceeding
 - SLC – State Lands Commission

Decommissioning Process

Vision Statements

- The decommissioning (decontamination) process should begin immediately upon shutdown - avoid SAFSTOR (which allows up to 60 year delay in decontamination)
- The decommissioning process should be timely, cost effective and efficient
- The health, safety and well-being of the local community should be ensured before, during and after decommissioning

Decommissioning Process

Vision Statements (cont'd)

- The CPUC should continue the DCDEP at a minimum, through the pre-planning decommissioning phase of the decommissioning process
- The CPUC should contemplate the potential establishment of either a successor entity to the DCDEP or augmenting the technical capabilities of the DCDEP during the project execution phase of the decommissioning process that could include technical experts, elected officials, labor, tribal, community and environmental representatives, to address future community planning and regulatory issues, if determined to be necessary

Discussion

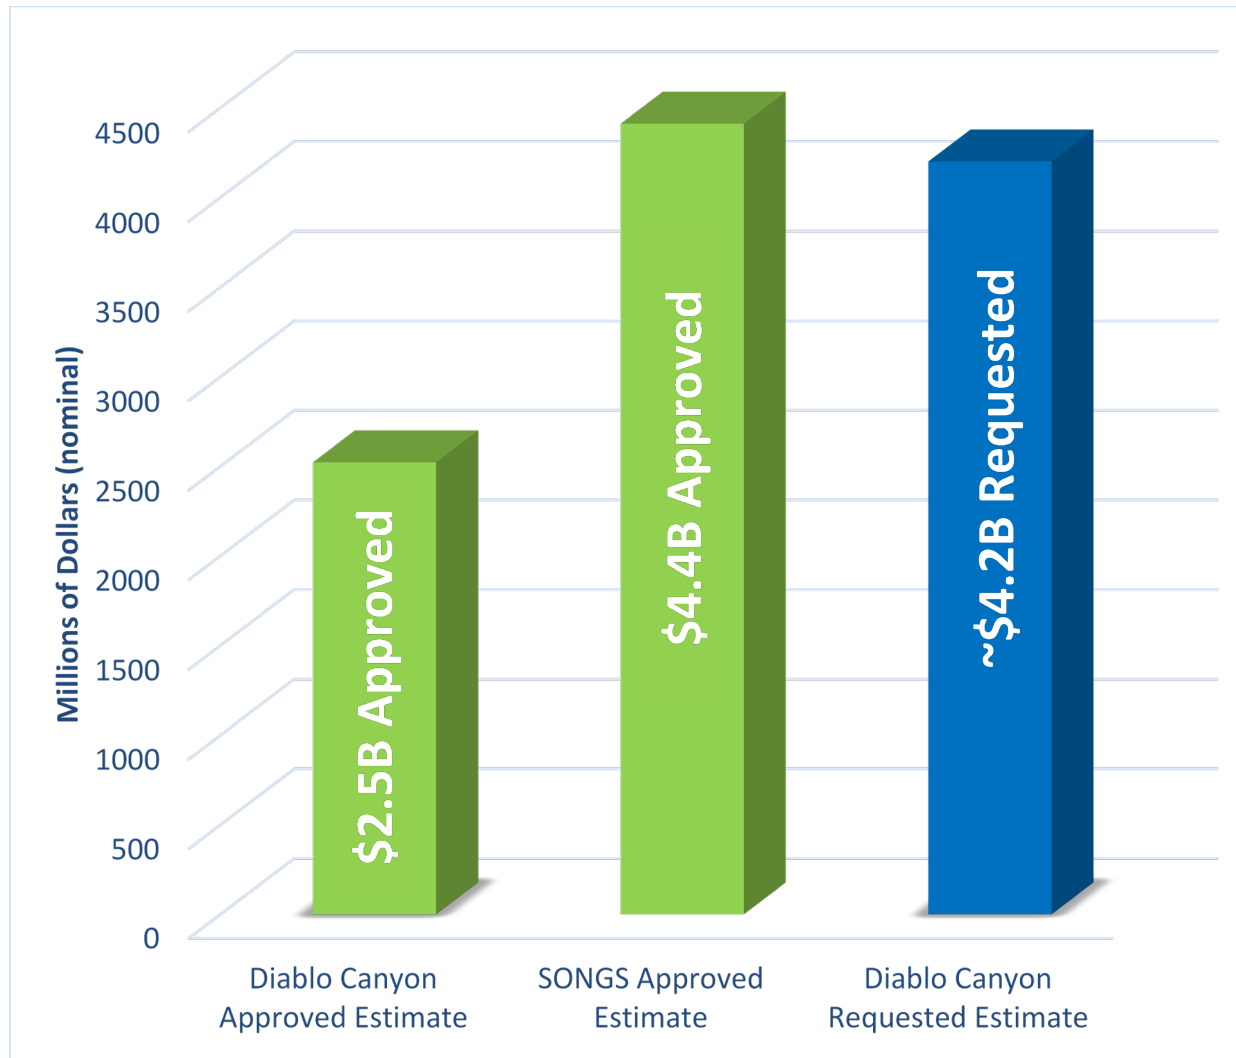

Decommissioning Funding

David Baldwin

Diablo Canyon Decommissioning Engagement
Panel

2015 NDCTP Filing

Diablo Canyon
Decommissioning
Engagement Panel

Decommissioning Funding

Diablo Canyon
Decommissioning
Engagement Panel

Vision Statements

- The development of all decommissioning costs and decisions should be transparent to ratepayers and the community
- The most cost-effective methods for decommissioning should be researched by PG&E in order to save ratepayers money, while assuring that the safety of the community and the environmental quality of the area is not compromised
- The existing Diablo Canyon trust fund should be protected and preserved to assure that it remains stable and sufficient in order to adequately finance decommissioning

Decommissioning Funding

Vision Statements (cont'd)

- The sale of assets acquired through ratepayer assessments could be used to offset decommissioning costs
- The uncontaminated facilities and infrastructure of the DCPP should be repurposed where feasible, while assuring that the safety of the community and the environmental quality of the area is not compromised

Discussion

Lands

Dena Bellman

Diablo Canyon Decommissioning Engagement
Panel

Map Legend

- Access Road
- Access Road North
- Pecho Coast Trail
- Buchon Trail
- Coastal Zone
- Eureka Energy Company Fee Parcels
- Leased to PG&E
- Leased to HomeFed
- Pending Conservation Space (1,200 acres)
- PG&E Fee Parcels

Reference Table	
①	GTE Mobilinet (Verizon) Site License Agreement for telecommunication equipment
②	California State Lands Commission Lease to PG&E for Water Discharge Channel and Intake Structure
③	Properties Lease to PG&E: Plant (Parcel P), Transmission Lines (Parcel T), (Parcel L) and Road (Parcel R)
④	Grazing and Agricultural License to Mello
⑤	License to Mello for Marre House
⑥	Road Easement to Martin
⑦	Grazing License for Blanchard
⑧	1,200-Acre Deed Restriction Area
⑨	Point Buchon Deed Restriction Area
⑩	License to Blecha for North Ranch House

Vision Statements

- The 12,000 acres of Diablo Canyon Lands surrounding the DCPD are a precious treasure and a spectacular natural resource that should be preserved, in perpetuity, for the public and for future generations
- The public should be ensured access to the Diablo Canyon Lands to the greatest extent possible, while protecting and preserving sensitive habitats, cultural sites and other resources
- The preservation of sacred Native American sites should be assured

Vision Statements (cont'd)

- The request for land ownership and federal recognition by the local Native American community should be recognized as legitimate, while at the same time considering the overwhelming public testimony that the Diablo Canyon Lands be conserved and available to the public for limited use
- The conservation activities on Diablo Canyon Lands should be coordinated with owners of other protected properties in the Irish Hills region, including State Parks, the US Bureau of Land Management, the Land Conservancy of San Luis Obispo County, and the City of San Luis Obispo

Vision Statements (cont'd)

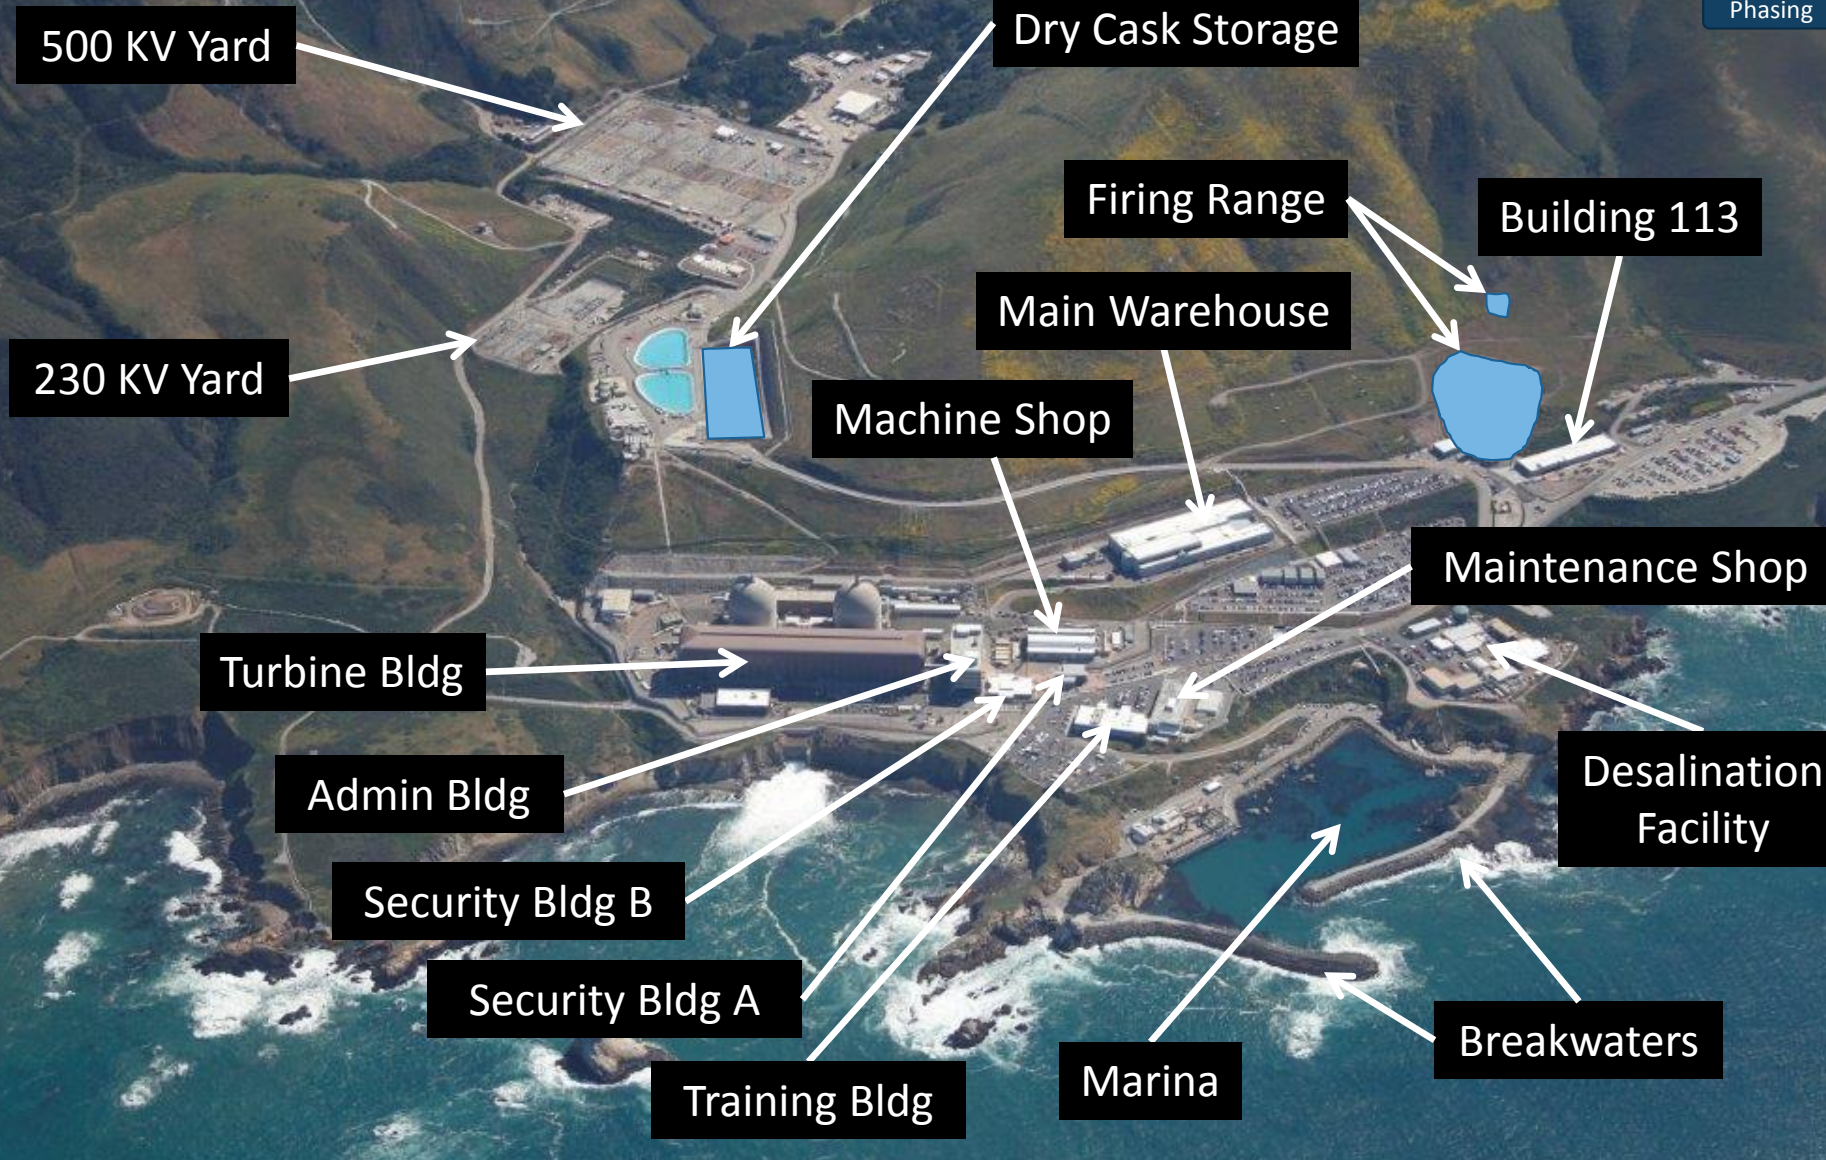

- The use of Diablo Canyon Lands should be consistent with the safe, secure and monitored storage of spent nuclear fuel until such time as it is removed from the site

Discussion

Facility Repurposing

Lauren Brown

Diablo Canyon Decommissioning Engagement
Panel

Admin Bldg: 151,408 SF
 Building 113: 32,712 SF
 Desal Facility: 440 gpm
 Marina: ~10 ac.

Main Warehouse: 122,749 SF
 Machine Shop: 33,343 SF
 Maintenance Shop: 41,624 SF
 Security Bldg A: 6,124 SF

Security Bldg B: 11,789 SF
 Training Bldg: 21,193 SF
 Turbine Bldg: 411,496 SF
 Available After 2068:

Facility Repurposing

Vision Statements

- The maintenance of non-contaminated facilities on site for repurposing should be explored by PG&E
- The repurposing of facilities should be consistent with the safety and security of the spent fuel storage until such time as it is removed from the site
- The repurposing of facilities should include thorough and complete removal of all radiological contamination

Facility Repurposing

Diablo Canyon
Decommissioning
Engagement Panel

Vision Statements (cont'd)

- The repurposing of facilities should consider whether a use can be sustained over time, public safety, community traffic concerns and the continued environmental quality of the region
- The repurposing of facilities should consider the conservation of the breakwaters and associated harbor area and the intake and discharge coves and associated marine terraces, to assure the protection of the ecological resources of the area
- The repurposing of facilities should only include land associated with Parcel P that is developed and necessary for a buffer of ongoing decommissioning activities
