**Earthquake**
Know the safest places to drop, cover, and hold, such as under sturdy desks and tables.

**Fire**
Know your exits, escape routes, and evacuation plan. If safe to do so, use your compliant fire extinguisher. Exit the house and call 911.

Diablo Canyon Fire personnel in attendance

**Active Shooter**
Get out, hide out, take out, and call 911.

SLO County Sheriff deputies in attendance

**Medical Emergency**
Know who can perform first aid and CPR. Call 911 if you’re alone or share your location with the call leader to send help. If you have an AED, ensure you and others in your household know where it’s located and how to use it.

**Psychological Safety**
- We care for each other.
- Look out for one another.
- Create a safe space for all.
- Welcome new ideas from everyone.
- Practice self-care.

**Ergonomics**
- Practice 30/30 (every 30 minutes, move & stretch for 30 seconds).
- Ensure proper ergonomics.
- Use and update RSI Guard.

**COVID-19**
- Wash hands frequently
- Wear a mask when required
- Get vaccinated if you are able to
- Follow current CAL-OSHA regulations and local county health orders.

How to Raise Your Concerns

To contact the Diablo Canyon Independent Safety Commission (DCISC) with a concern, the DCISC has developed a form that can be used. It is at: Contact the DCISC (Diablo Canyon Independent Safety Committee) or Email: dcsafety@dcisc.org

To contact the NRC with a concern, the NRC has developed a form that can be used. It is at https://www.nrc.gov/about-nrc/public-affairs/contact-opa.html and can be accessed by clicking on “Contact a Public Affairs Officer”

To contact your State Senator with a concern:
Senators | California State Senate
Senator John Laird for District 17 residents

To contact your State Assemblyman:
Members | Assembly Internet (ca.gov)
Representative Jordan Cunningham for District 35 residents
Background/Summary of Governor’s August 12, 2022 Workshop

Kara Woodruff, Panel Member
PG&E Update

Maureen Zawalick, PG&E, Panel Member
Operating licenses DPR-80 and DPR-82

DCPP commercial operations began:
  Unit 1: May 1985
  Unit 2: March 1986

2 – 3 years remaining until expiration of operating licenses:
  Unit 1: Nov. 2024
  Unit 2: Aug. 2025

**Key:**
- CPUC: California Public Utilities Commission
- LRA: License Renewal Application
- DCPP: Diablo Canyon Power Plant
- CNC: Civil Nuclear Credit
- DOE: Department of Energy
Q3-Q4 2022

Per direction from the Governor’s Office and legislative action, PG&E is exploring actions needed to preserve the option for continued operations at state direction.

Potential additional state legislation by August 31:

- Senate Energy, Utilities and Communications Committee tomorrow at 8:45 AM

If legislation passes that directs continued operations, PG&E then:

- Prepares federal (NRC) regulatory applications needed for continued operations
- Submits Civil Nuclear Credit program application to US Department of Energy
If CA Legislature revises state’s energy policies, then immediately re-start the DCPP license renewal project.
• PG&E is a state-regulated utility and we will abide by the regulatory path set by the State of California
List of Concerns Related to Potential DCPP Operations Beyond 2025

Bruce Severance, Panel Member
List of Concerns Related to Potential DCPP Operations Beyond 2025

Bruce Severance, Panel Member

Issues and Concerns Raised by Senator John Laird at the August 12, 2022 Joint Agency Workshop

- Deferred Maintenance
- Retention of Experienced Staff
- Who Pays?
- Spent Nuclear Fuel Storage
- Seismic Safety
- Once-Through-Cooling
- Permitting Timeline
- Community Transition Funding
- Diablo Canyon Lands
- Retirement Date Certainty
- Offshore Wind
List of Concerns Related to Potential DCPP Operations Beyond 2025

Bruce Severance, Panel Member

Additional Concerns Not Raised by Either Senator Laird or the CEC/CAISO/Governor’s Office Workshop Presentations

✓ Reactor Vessel Embrittlement
✓ Incomplete Contamination & Monitoring Records
✓ Ratepayer and Taxpayer Equity
✓ 20-Year License Extension
✓ Further Discussion of the Grid Shortfall is Needed
✓ Peak Demand is Intermittent
Safety Issues Related to Potential DCPP Operations Beyond 2025

Will Almas, Panel Member
Role of Diablo Canyon Independent Safety Committee

Robert Budnitz, Chairman DCISC
24 August 2022

Robert J. Budnitz

Diablo Canyon Independent Safety Committee
(but not representing the DCISC here)

DCISC OPEN ITEMS LIST

DCPP Systems/Components Reviewed Periodically
4 KV – Jan 2020
230 KV & 500 KV – Dec 2021
Aux Feedwater – Sep 2021
Aux Saltwater – Mar 2020
Aux Ebdg Ventilation – Apr 2021
CVC System & High Pressure Injection – Jan 2021
Component Cooling Water – Apr 2020
Compressed Air – Jul 2020
Condensate & Feedwater – Nov 2021
Containment Structure – May 2022
Containment Spray – May 2022
Containment Ventilation & H2 Purge – Aug 2020
Control Room Simulator – Nov 2020
Control Room Ventilation – Jan 2021
Digital Systems – Nov 2021
DC Power – Mar 2022
Emergency Diesel Generators – Jul 2021
Fire Protection & Detection Systems – Aug 2020
Nuclear & In-core Instrumentation – Sep 2020
Plant Protection System – Mar 2021
Radiation Monitoring – Apr 2021
Radwaste Processing – Nov 2020
Reactor Coolant System & Pumps – Aug 2021
RCS Process Control System – May 2020
Refueling Equipment – Jan 2022
RHR – Jan 2021
Rod Control & Indication – Sep 2020
Safety Injection Pumps – Jan 2021
Spent Fuel Pool Cooling & HVAC – July 2021
Steam Generators – Aug 2020
Special Protection System – Mar 2020
Turbine-Generator – Dec 2020

DCPP Programs Reviewed Periodically
10CFR50.59 Program – July 2021
ALARA – May 2022
Air Operated Valves – Dec 2020
Benchmarking – Mar 2022
Boric Acid Corrosion Control – Apr 2021
Buried Piping & Tanks – Jul 2020
Chemistry – Aug 2021
Cranes – Dec 2021
Configuration Management – Apr 2022
Corrective Action – CARB – Apr 2022
Emergency Preparedness – Mar 2022
Employee Concerns Program – Aug 2020
Equipment Environmental Qualification – Mar 2020
Equipment Reliability – Sep 2021
Fire Doors & Door Life Cycle Mgm’t. Plan – Jan 2022
Fire Protection Program (NFPA-805) – May 2021
FLEX Program – Apr 2022
Flow Accelerated Corrosion – May 2022
Foreign Material Exclusion – May 2022
Greater Than Class C Waste – Aug 2022
In-service Inspection Program – Apr 2019
Integrated Risk Assessment Program –3-2022
Large Motors – Jan 2019
Long-Term Capital Planning Process – May 2022
MIDAS – Dec 2021
Maintenance Rule – Apr 2021
Margin Management Program – May 2020
Motor Operated Valves – Dec 2020
Notification Review Team – Mar 2022
Nuclear Fuel Program – May 2022
On-Line Maintenance – May 2022
Operating Experience – Nov 2021 (review biennially)
Operability Assessment Program – Jan 2022
Operational Decision Making – Sep 2020
PRA Programs (non-seismic) – Sep 2021
Performance Improvement – Apr 2019
Performance Review Quarterly Meeting – Apr 2021
Plant Health Committee – Jan 2022
Reactivity Management – May 2021
Safety-Security Interface – Dec 2020
Self-Assessment – Aug 2020
Single Point Vulnerabilities – Jan 2022
Seismic PRA – Sep 2017
Seismically Induced System Interactions – Nov 2020
Software QA - Aug 2021
Spent Fuel Management – May 2022
System Engineering – Mar 2022
Transformers, Large – Jan 2021
Troubleshooting – Jan 2020
(a few examples only)

DCPP Systems/Components Reviewed Periodically

Refueling Equipment – Jan 2022
Rod Control & Indication – Sep 2020
Safety Injection Pumps – Jan 2021
Steam Generators – Aug 2020
Special Protection System – Mar 2020

DCPP Programs Reviewed Periodically

Motor Operated Valves – Dec 2020
Notification Review Team – Mar 2022
Nuclear Fuel Program – May 2022
On-Line Maintenance – May 2022
Operating Experience – Nov 2021
